

3 STRIKES

3 quick Ed Tech Blurbs

Interested in a professional twitter?

Twitter has quickly become one of the best ways to create a professional learning network to build your instructional tool kit. From weekly Twitter chats to online journals, Twitter is an amazing way to grow as an educator. Interested in learning more about Twitter, contact Brad.Spence@hcps.org to set up a quick tutorial.

Follow these educators on Twitter to grow your professional learning network (PLN)
